

## Human Integrin α4β7/LPAM-1 (Research Grade Abrilumab Biosimilar) Alexa Fluor® 750-conjugated Antibody

Recombinant Monoclonal Human IgG<sub>1</sub> Clone # Hu143 Catalog Number: FAB10548S

| DESCRIPTION        |   |  |
|--------------------|---|--|
| Species Reactivity | Human   |  |
| Specificity        | Detects Human Integrin α4β7/LPAM-1 in direct ELISAs.This non-therapeutic antibody uses the same variable region sequence as the therapeutic antibody Abrilumab. This product is for research use only.  |  |
| Source             | Recombinant Monoclonal Human IgG <sub>1</sub> Clone # Hu143   |  |
| Purification       | Protein A or G purified from cell culture supernatant   |  |
| Immunogen          | Human Integrin alpha4 beta7   |  |
| Conjugate          | Alexa Fluor 750<br>Excitation Wavelength: 749 nm<br>Emission Wavelength: 775 nm   |  |
| Formulation        | Supplied 0.2 mg/mL in a saline solution containing BSA and Sodium Azide.  |  |
|                    | *Contains <0.1% Sodium Azide, which is not hazardous at this concentration according to GHS classifications. Refer to the Safety Data Sheet (SDS) for additional information and handling instructions. |  |

| APPLICATIONS  |                                 |            |  |  |
|---|---------------------------------|------------|--|--|
| Please Note: Optimal dilutions should be determined by each laboratory for each application. General Protocols are available in the Technical Information section on our website. |                                 |            |  |  |
|   | Recommended<br>Concentration    | Sample     |  |  |
| Flow Cytometry  | 0.25-1 µg/10 <sup>6</sup> cells | Human PBMC |  |  |
|   |                                 |            |  |  |

| PREPARATION AND STORAGE |   |  |
|-------------------------|---|--|
| Shipping                | The product is shipped with polar packs. Upon receipt, store it immediately at the temperature recommended below. |  |
| Stability & Storage     | Protect from light. Do not freeze.  |  |
|                         | <ul> <li>12 months from date of receipt, 2 to 8 °C as supplied.</li> </ul>  |  |

## BACKGROUND

Abrilumab is an anti-human α4β7 integrin heterodimer monoclonal antibody designed for the treatment of inflammatory bowel disease, ulcerative colitis, and Crohn's disease.

## PRODUCT SPECIFIC NOTICES

This product is provided under an agreement between Life Technologies Corporation and R&D Systems, Inc, and the manufacture, use, sale or import of this product is subject to one or more US patents and corresponding non-US equivalents, owned by Life Technologies Corporation and its affiliates. The purchase of this product conveys to the buyer the non-transferable right to use the purchased amount of the product and components of the product only in research conducted by the buyer (whether the buyer is an academic or for-profit entity). The sale of this product is expressly conditioned on the buyer not using the product or its components (1) in manufacturing; (2) to provide a service, information, or data to an unaffiliated third party for payment; (3) for therapeutic, diagnostic or prophylactic purposes; (4) to resell, sell, or otherwise transfer this product or its components to any third party, or for any other commercial purpose. Life Technologies Corporation will not assert a claim against the buyer of the infringement of the above patents based on the manufacture, use or sale of a commercial product developed in research by the buyer in which this product or its components was employed, provided that neither this product nor any of its components was used in the manufacture of such product. For information on purchasing a license to this product for purposes other than research, contact Life Technologies Corporation, Cell Analysis Business Unit, Business Development, 29851 Willow Creek Road, Eugene, OR 97402, Tel: (541) 465-8300. Fax: (541) 335-0354.
