

DESCRIPTION

Species Reactivity	Human
Specificity	Stains hCD20-eGFP transfected HEK293 cells in flow cytometry.
Source	Monoclonal Human IgG ₁ Clone # Hu202
Purification	Protein A or G purified
Immunogen	Human CD20
Conjugate	Alexa Fluor Plus 594 Excitation Wavelength: 590 nm Emission Wavelength: 618 nm
Formulation	Supplied 0.2 mg/mL in a saline solution containing BSA and Sodium Azide. *Contains <0.1% Sodium Azide, which is not hazardous at this concentration according to GHS classifications. Refer to the Safety Data Sheet (SDS) for additional information and handling instructions.

APPLICATIONS

Please Note: Optimal dilutions should be determined by each laboratory for each application. *General Protocols* are available in the *Technical Information* section on our website.

Flow Cytometry	Optimal dilution of this antibody should be experimentally determined.

DATA

PREPARATION AND STORAGE

Shipping	The product is shipped with polar packs. Upon receipt, store it immediately at the temperature recommended below.
Stability & Storage	Protect from light. Do not freeze. 12 months from date of receipt, 2 to 8 °C as supplied

BACKGROUND

Ocrelizumab is an anti-human CD20 antibody used for the treatment of advanced or relapsing multiple sclerosis. It is a humanized recombinant anti human CD20 antibody, and is used to specifically deplete B-cells. A proposed pharmacological mechanism of action is that the antibody most likely binds to the B-cell surface CD20 resulting in antibody-dependent cellular cytotoxicity and complement-mediated cell lysis, but does not impact B-cell reconstitution and preexisting humoral immunity.

PRODUCT SPECIFIC NOTICES

This product is provided under an intellectual property license from Life Technologies Corporation. The transfer of this product is conditioned on the buyer using the purchased product solely in research conducted by the buyer, excluding contract research or any fee for service research, and the buyer must not (1) use this product or its components for (a) diagnostic, therapeutic or prophylactic purposes; (b) testing, analysis or screening services, or information in return for compensation on a per-test basis; or (c) manufacturing or quality assurance or quality control, and/or (2) sell or transfer this product or its components for resale, whether or not resold for use in research. For information on purchasing a license to this product for purposes other than as described above, contact Life Technologies Corporation, 5781 Van Allen Way, Carlsbad, CA 92008 USA or outlicensing@thermofisher.com.
