| Storage                     | Store at 4C in the dark.                                                                                                                                            |
| Clonality                   | Polyclonal                                                                                                                                                          |
| Preservative                | 0.05% Sodium Azide                                                                                                                                                  |
| Isotype                     | IgG                                                                                                                                                                 |
| Conjugate                   | Janelia Fluor 525                                                                                                                                                   |
| Purity                      | Antigen Affinity-purified                                                                                                                                           |
| Buffer                      | 50mM Sodium Borate                                                                                                                                                  |
| Product Description         |                                                                                                                                                                     |
| Host                        | Goat                                                                                                                                                                |
| Gene ID                     | 5176                                                                                                                                                                |
| Gene Symbol                 | SERPINF1                                                                                                                                                            |
| Species                     | Mouse, Rat                                                                                                                                                          |
| Specificity/Sensitivity     | Detects mouse Serpin F1/PEDF in direct ELISAs and Western blots. In direct ELISAs, approximately 35% cross-reactivity with recombinant human Serpin F1 is observed. |
| Immunogen                   | <i>E. coli</i> -derived recombinant mouse Serpin F1/PEDF<br>Asp43-Thr417<br>Accession # BAA31978                                                                    |
| Notes                       | Sold under license from the Howard Hughes Medical Institute, Janelia Research Campus.                                                                               |
| Product Application Details |                                                                                                                                                                     |
| Applications                | Western Blot                                                                                                                                                        |
| Recommended Dilutions       | Western Blot                                                                                                                                                        |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                              |
