| Buffer                      | 50mM Sodium Borate                                                                                                                   |
| Product Description         |                                                                                                                                      |
| Host                        | Goat                                                                                                                                 |
| Gene ID                     | 6590                                                                                                                                 |
| Gene Symbol                 | SLPI                                                                                                                                 |
| Species                     | Human                                                                                                                                |
| Specificity/Sensitivity     | Detects human SLPI in direct ELISAs and Western blots. In direct ELISAs, less than 15% cross-reactivity with mouse SLPI is observed. |
| Immunogen                   | <i>E. coli</i> -derived recombinant human SLPI                                                                                       |
| Notes                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                                    |
| Product Application Details |                                                                                                                                      |
| Applications                | Western Blot, Immunohistochemistry, Neutralization                                                                                   |
| Recommended Dilutions       | Western Blot, Immunohistochemistry, Neutralization                                                                                   |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                               |
