| <b>Preservative</b>                | 0.05% Sodium Azide                                                                                                                                                                                                        |
| <b>Isotype</b>                     | IgG                                                                                                                                                                                                                       |
| <b>Conjugate</b>                   | Janelia Fluor 549                                                                                                                                                                                                         |
| <b>Purity</b>                      | Antigen Affinity-purified                                                                                                                                                                                                 |
| <b>Buffer</b>                      | 50mM Sodium Borate                                                                                                                                                                                                        |
| <b>Product Description</b>         |                                                                                                                                                                                                                           |
| <b>Host</b>                        | Goat                                                                                                                                                                                                                      |
| <b>Gene ID</b>                     | 112744                                                                                                                                                                                                                    |
| <b>Gene Symbol</b>                 | IL17F                                                                                                                                                                                                                     |
| <b>Species</b>                     | Human, Primate                                                                                                                                                                                                            |
| <b>Specificity/Sensitivity</b>     | Detects human IL-17F in ELISAs and Western blots. In sandwich immunoassays, less than 1% cross-reactivity recombinant human (rh) IL-17, rhIL-17B, rhIL-17C, rhIL-17D, rhIL-17E, and recombinant mouse IL-17F is observed. |
| <b>Immunogen</b>                   | <i>E. coli</i> -derived recombinant human IL-17F (R&D Systems, Catalog # 1335-IL) Arg31-Gln163<br>Accession # AAK83350                                                                                                    |
| <b>Notes</b>                       | Sold under license from the Howard Hughes Medical Institute, Janelia Research Campus.                                                                                                                                     |
| <b>Product Application Details</b> |                                                                                                                                                                                                                           |
| <b>Applications</b>                | Western Blot, Immunohistochemistry, Dual RNAscope ISH-IHC, ELISA Capture (Matched Antibody Pair), ELISA Detection (Matched Antibody Pair), ELISA Standard (Matched Pair), Immunocytochemistry                             |
| <b>Recommended Dilutions</b>       | Western Blot, Immunohistochemistry, ELISA Standard (Matched Pair), ELISA Capture (Matched Antibody Pair), ELISA Detection (Matched Antibody Pair), Immunocytochemistry, Dual RNAscope ISH-IHC                             |
| <b>Application Notes</b>           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                                                    |
