| Preservative                | 0.05% Sodium Azide                                                                                                                               |
| Isotype                     | IgG                                                                                                                                              |
| Conjugate                   | DyLight 755                                                                                                                                      |
| Purity                      | Antigen Affinity-purified                                                                                                                        |
| Buffer                      | 50mM Sodium Borate                                                                                                                               |
| Product Description         |                                                                                                                                                  |
| Host                        | Goat                                                                                                                                             |
| Gene ID                     | 4277                                                                                                                                             |
| Gene Symbol                 | MICB                                                                                                                                             |
| Species                     | Human                                                                                                                                            |
| Specificity/Sensitivity     | Detects human MICB in direct ELISAs and Western blots. In direct ELISAs, less than 20% cross-reactivity with recombinant human MICA is observed. |
| Immunogen                   | Mouse myeloma cell line NS0-derived recombinant human MICB<br>Ala23-Gly298<br>Accession # CAI18747                                               |
| Notes                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                                                |
| Product Application Details |                                                                                                                                                  |
| Applications                | Western Blot                                                                                                                                     |
| Recommended Dilutions       | Western Blot                                                                                                                                     |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                           |
