| Clonality                   | Polyclonal                                                                                                                                             |
| Preservative                | 0.05% Sodium Azide                                                                                                                                     |
| Isotype                     | IgG                                                                                                                                                    |
| Conjugate                   | Janelia Fluor 669                                                                                                                                      |
| Purity                      | Antigen Affinity-purified                                                                                                                              |
| Buffer                      | 50mM Sodium Borate                                                                                                                                     |
| Product Description         |                                                                                                                                                        |
| Host                        | Goat                                                                                                                                                   |
| Gene ID                     | 3949                                                                                                                                                   |
| Gene Symbol                 | LDLR                                                                                                                                                   |
| Species                     | Mouse                                                                                                                                                  |
| Specificity/Sensitivity     | Detects mouse LDL R in direct ELISAs and Western blots. In direct ELISAs, approximately 20% cross-reactivity with recombinant human LDL R is observed. |
| Immunogen                   | Mouse myeloma cell line NS0-derived recombinant mouse LDL R<br>Ala22-Arg790 (Ala23Val, Cys27Gly)<br>Accession # Q6GTJ9                                 |
| Notes                       | Sold under license from the Howard Hughes Medical Institute, Janelia Research Campus.                                                                  |
| Product Application Details |                                                                                                                                                        |
| Applications                | Western Blot, Flow Cytometry, Immunohistochemistry, Blockade of Receptor-ligand Interaction, CyTOF-ready                                               |
| Recommended Dilutions       | Western Blot, Flow Cytometry, Immunohistochemistry, Blockade of Receptor-ligand Interaction, CyTOF-ready                                               |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                 |
