| Gene ID                     | 3903                                                                                                                                                                                                                                                |
| Gene Symbol                 | LAIR1                                                                                                                                                                                                                                               |
| Species                     | Human                                                                                                                                                                                                                                               |
| Specificity/Sensitivity     | Detects human LAIR1 in direct ELISAs and Western blots. In direct ELISAs and Western blots, approximately 15% cross-reactivity with recombinant human LAIR2 is observed and less than 2% cross-reactivity with recombinant mouse LAIR1 is observed. |
| Immunogen                   | Mouse myeloma cell line NS0-derived recombinant human LAIR1 isoform 1 Gln22-His163<br>Accession # Q6GTX8                                                                                                                                            |
| Notes                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                                                                                                                                                   |
| Product Application Details |                                                                                                                                                                                                                                                     |
| Applications                | Western Blot, Flow Cytometry, CyTOF-ready                                                                                                                                                                                                           |
| Recommended Dilutions       | Western Blot, Flow Cytometry, CyTOF-ready                                                                                                                                                                                                           |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                                                                              |
