| <b>Gene ID</b>                     | 25870                                                                                                                                                                                                                                                     |
| <b>Gene Symbol</b>                 | SUMF2                                                                                                                                                                                                                                                     |
| <b>Species</b>                     | Mouse                                                                                                                                                                                                                                                     |
| <b>Specificity/Sensitivity</b>     | Detects mouse Sulfatase Modifying Factor 2/SUMF2 in direct ELISAs and Western blots. In direct ELISAs and Western blots, approximately 10% cross-reactivity with recombinant human (rh) SUMF2 and less than 5% cross-reactivity with rhSUMF1 is observed. |
| <b>Immunogen</b>                   | Mouse myeloma cell line NS0-derived recombinant mouse Sulfatase Modifying Factor 2/SUMF2<br>Gln34-Leu308<br>Accession # Q8BPG6                                                                                                                            |
| <b>Notes</b>                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                                                                                                                                                         |
| <b>Product Application Details</b> |                                                                                                                                                                                                                                                           |
| <b>Applications</b>                | Western Blot, Immunoprecipitation                                                                                                                                                                                                                         |
| <b>Recommended Dilutions</b>       | Western Blot, Immunoprecipitation                                                                                                                                                                                                                         |
| <b>Application Notes</b>           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                                                                                    |
