| <b>Purity</b>                      | Antigen Affinity-purified                                                                                                                                                                  |
| <b>Buffer</b>                      | PBS                                                                                                                                                                                        |
| <b>Product Description</b>         |                                                                                                                                                                                            |
| <b>Host</b>                        | Sheep                                                                                                                                                                                      |
| <b>Gene ID</b>                     | 8483                                                                                                                                                                                       |
| <b>Gene Symbol</b>                 | CILP                                                                                                                                                                                       |
| <b>Species</b>                     | Human                                                                                                                                                                                      |
| <b>Specificity/Sensitivity</b>     | Detects human CILP□1 C-Terminal Fragment in direct ELISAs and Western blots. In direct ELISAs, less than 1% cross-reactivity with recombinant human CILP-1 N-terminal peptide is observed. |
| <b>Immunogen</b>                   | Mouse myeloma cell line NS0-derived recombinant human CILP□1 C-Terminal Fragment<br>Arg724-Asn1184<br>Accession # O75339                                                                   |
| <b>Product Application Details</b> |                                                                                                                                                                                            |
| <b>Applications</b>                | Western Blot                                                                                                                                                                               |
| <b>Recommended Dilutions</b>       | Western Blot                                                                                                                                                                               |
| <b>Application Notes</b>           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                     |
