| Buffer                      | 50mM Sodium Borate                                                                                                                  |
| Product Description         |                                                                                                                                     |
| Host                        | Sheep                                                                                                                               |
| Gene ID                     | 117581                                                                                                                              |
| Gene Symbol                 | TWIST2                                                                                                                              |
| Species                     | Human                                                                                                                               |
| Specificity/Sensitivity     | Detects human Twist-2 in direct ELISAs. In direct ELISAs, less than 5% cross-reactivity with recombinant human Twist-1 is observed. |
| Immunogen                   | <i>E. coli</i> -derived recombinant human Twist-2 Met1-Ser159 Accession # Q8WVJ9                                                    |
| Notes                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                                   |
| Product Application Details |                                                                                                                                     |
| Applications                | Immunocytochemistry                                                                                                                 |
| Recommended Dilutions       | Immunocytochemistry                                                                                                                 |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                              |
