| Purity                      | Antigen Affinity-purified                                                                                                                            |
| Buffer                      | 50mM Sodium Borate                                                                                                                                   |
| Product Description         |                                                                                                                                                      |
| Host                        | Sheep                                                                                                                                                |
| Gene ID                     | 27283                                                                                                                                                |
| Gene Symbol                 | TINAG                                                                                                                                                |
| Species                     | Human                                                                                                                                                |
| Specificity/Sensitivity     | Detects human TIN-Ag in direct ELISAs and Western blots. In direct ELISAs, less than 1% cross-reactivity with recombinant human TINAGL1 is observed. |
| Immunogen                   | Chinese hamster ovary cell line CHO-derived recombinant human TIN-Ag Glu20-Pro476<br>Accession # Q6NSC1                                              |
| Notes                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                                                    |
| Product Application Details |                                                                                                                                                      |
| Applications                | Western Blot                                                                                                                                         |
| Recommended Dilutions       | Western Blot                                                                                                                                         |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                               |
