| Buffer                      | 50mM Sodium Borate                                                                                                                   |
| Product Description         |                                                                                                                                      |
| Host                        | Sheep                                                                                                                                |
| Gene ID                     | 2348                                                                                                                                 |
| Gene Symbol                 | FOLR1                                                                                                                                |
| Species                     | Mouse                                                                                                                                |
| Specificity/Sensitivity     | Detects mouse FOLR1 in direct ELISAs. In direct ELISAs, approximately 30% cross-reactivity with recombinant human FOLR1 is observed. |
| Immunogen                   | Chinese hamster ovary cell line CHO-derived recombinant mouse FOLR1 Arg23-Ser232<br>Accession # P35846                               |
| Notes                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                                    |
| Product Application Details |                                                                                                                                      |
| Applications                | Immunohistochemistry, Immunocytochemistry                                                                                            |
| Recommended Dilutions       | Immunohistochemistry, Immunocytochemistry                                                                                            |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                               |
