| <b>Storage</b>                     | Store at 4C in the dark.                                                                                                                                     |
| <b>Clonality</b>                   | Polyclonal                                                                                                                                                   |
| <b>Preservative</b>                | 0.05% Sodium Azide                                                                                                                                           |
| <b>Isotype</b>                     | IgG                                                                                                                                                          |
| <b>Conjugate</b>                   | FITC                                                                                                                                                         |
| <b>Purity</b>                      | Antigen Affinity-purified                                                                                                                                    |
| <b>Buffer</b>                      | PBS                                                                                                                                                          |
| <b>Product Description</b>         |                                                                                                                                                              |
| <b>Host</b>                        | Goat                                                                                                                                                         |
| <b>Gene ID</b>                     | 883                                                                                                                                                          |
| <b>Gene Symbol</b>                 | CCBL1                                                                                                                                                        |
| <b>Species</b>                     | Human, Mouse, Rat                                                                                                                                            |
| <b>Specificity/Sensitivity</b>     | Detects human, mouse, and rat Cysteine Conjugate $\beta$ -Lyase/CCBL1 in Western blots.                                                                      |
| <b>Immunogen</b>                   | <i>S. frugiperda</i> insect ovarian cell line Sf 21-derived recombinant human Cysteine Conjugate $\beta$ -Lyase/CCBL1<br>Thr182-Leu422<br>Accession # Q16773 |
| <b>Product Application Details</b> |                                                                                                                                                              |
| <b>Applications</b>                | Western Blot                                                                                                                                                 |
| <b>Recommended Dilutions</b>       | Western Blot                                                                                                                                                 |
| <b>Application Notes</b>           | Optimal dilution of this antibody should be experimentally determined.                                                                                       |
