Laminin alpha 3/Laminin-5 Antibody (P3H9-2R) [Janelia Fluor® 549]

| Product Information |                                                                                             |
|---------------------|---------------------------------------------------------------------------------------------|
| Unit Size           | 0.1 ml                                                                                      |
| Concentration       | Please see the vial label for concentration. If unlisted please contact technical services. |
| Storage             | Store at 4C in the dark.                                                                    |
| Clonality           | Monoclonal                                                                                  |
| Clone               | P3H9-2R                                                                                     |
| Preservative        | 0.05% Sodium Azide                                                                          |
| Isotype             | IgG                                                                                         |
| Conjugate           | Janelia Fluor 549                                                                           |
| Purity              | Protein A or G purified from hybridoma culture supernatant                                  |
| Buffer              | 50mM Sodium Borate                                                                          |

| Product Description     |                                                                                       |
|-------------------------|---------------------------------------------------------------------------------------|
| Host                    | Mouse                                                                                 |
| Gene ID                 | 3909                                                                                  |
| Species                 | Human                                                                                 |
| Specificity/Sensitivity | Detects recombinant human Laminin $\alpha$ 3 protein in Direct ELISA.                 |
| Immunogen               | Human keratinocytes<br>Accession # Q16787                                             |
| Notes                   | Sold under license from the Howard Hughes Medical Institute, Janelia Research Campus. |

| Product Application Details |                                                                                                                                                                                                                         |
|-----------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Applications                | Immunohistochemistry, Immunocytochemistry                                                                                                                                                                               |
| Recommended Dilutions       | Immunohistochemistry, Immunocytochemistry                                                                                                                                                                               |
| Application Notes           | Recommended applications are based on validated applications from the unconjugated base product MAB11784. This conjugated antibody is not kept in inventory and is made to order using validated conjugation protocols. |
