| Gene ID                 | 8809                                                                                                                                                                                                                                                                       |
| Gene Symbol             | Il18rap                                                                                                                                                                                                                                                                    |
| Species                 | Mouse                                                                                                                                                                                                                                                                      |
| Specificity/Sensitivity | Detects mouse IL-18 R in direct ELISAs. In direct ELISAs, this antibody does not cross-react with recombinant mouse (rm) IL-1 RI, rmIL-1 RII, rhIL-1 R3, recombinant human (rh) IL-1 R4, rhIL-1 R5, recombinant rat IL-1 R6, rmIL-1 R7, rhIL-1 R8, rhIL-1 R9, or rmSIGIRR. |
| Immunogen               | Mouse myeloma cell line NS0-derived recombinant mouse IL-18 R $\alpha$ Ser19-Gly326<br>Accession # Q61098                                                                                                                                                                  |
| Notes                   | mFluor(TM) is a trademark of AAT Bioquest, Inc. This conjugate is made on demand. Actual recovery may vary from the stated volume of this product. The volume will be greater than or equal to the unit size stated on the datasheet.                                      |

| Product Application Details |                                                                        |
|-----------------------------|------------------------------------------------------------------------|
| Applications                | Western Blot, Neutralization                                           |
| Recommended Dilutions       | Western Blot, Neutralization                                           |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined. |
