| Host                        | Rat                                                                                                                                                                                                                |
| Gene ID                     | 27181                                                                                                                                                                                                              |
| Gene Symbol                 | Siglecf                                                                                                                                                                                                            |
| Species                     | Mouse                                                                                                                                                                                                              |
| Specificity/Sensitivity     | Detects mouse Siglec-F in direct ELISAs and Western blots. In direct ELISAs and Western blots, no cross-reactivity with recombinant human Siglec-5, -7, -9, -10, or recombinant mouse Siglec-2, or -3 is observed. |
| Immunogen                   | Mouse myeloma cell line NS0-derived recombinant mouse Siglec-F Asp18-Thr437 (predicted)<br>Accession # Q920G3                                                                                                      |
| Product Application Details |                                                                                                                                                                                                                    |
| Applications                | Western Blot                                                                                                                                                                                                       |
| Recommended Dilutions       | Western Blot                                                                                                                                                                                                       |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                                             |
