| Preservative                | 0.05% Sodium Azide                                                                                                                                                                                         |
| Isotype                     | IgG1                                                                                                                                                                                                       |
| Conjugate                   | DyLight 350                                                                                                                                                                                                |
| Purity                      | Protein A or G purified from hybridoma culture supernatant                                                                                                                                                 |
| Buffer                      | 50mM Sodium Borate                                                                                                                                                                                         |
| Product Description         |                                                                                                                                                                                                            |
| Host                        | Mouse                                                                                                                                                                                                      |
| Gene ID                     | 1234                                                                                                                                                                                                       |
| Gene Symbol                 | CCR5                                                                                                                                                                                                       |
| Species                     | Human                                                                                                                                                                                                      |
| Specificity/Sensitivity     | Detects human CCR5 in direct ELISAs and Western blots. For additional information regarding epitope specificity for this antibody and other R&D Systems anti-human CCR5 antibodies, see reference 1 below. |
| Immunogen                   | CHO Chinese hamster ovary cell line transfected with human CCR5                                                                                                                                            |
| Notes                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                                                                                                          |
| Product Application Details |                                                                                                                                                                                                            |
| Applications                | Western Blot, Immunoprecipitation                                                                                                                                                                          |
| Recommended Dilutions       | Western Blot, Immunoprecipitation                                                                                                                                                                          |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                                     |
