IL-37/IL-1F7 Antibody (261506) [FITC]

| Product Information |                                                                                             |
|---------------------|---------------------------------------------------------------------------------------------|
| Unit Size           | 0.1 ml                                                                                      |
| Concentration       | Please see the vial label for concentration. If unlisted please contact technical services. |
| Storage             | Store at 4C in the dark.                                                                    |
| Clonality           | Monoclonal                                                                                  |
| Clone               | 261506                                                                                      |
| Preservative        | 0.05% Sodium Azide                                                                          |
| Isotype             | IgG2b                                                                                       |
| Conjugate           | FITC                                                                                        |
| Purity              | Protein A or G purified from hybridoma culture supernatant                                  |
| Buffer              | PBS                                                                                         |

| Product Description     |                                                                                                                                                                                                                                                       |
|-------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Host                    | Mouse                                                                                                                                                                                                                                                 |
| Gene ID                 | 27178                                                                                                                                                                                                                                                 |
| Gene Symbol             | IL37                                                                                                                                                                                                                                                  |
| Species                 | Human                                                                                                                                                                                                                                                 |
| Specificity/Sensitivity | Detects human IL-37/IL-1F7 in direct ELISAs. In direct ELISAs, no cross-reactivity with recombinant human (rh) IL-1 $\alpha$ , rhIL-1 $\beta$ , rhIL-1ra, rhIL-36Ra/IL-1F5, rhIL-36 alpha/IL-1F6, rhIL-36 beta/IL-1F8, or rhIL-18/IL-1F4 is observed. |
| Immunogen               | <i>E. coli</i> -derived recombinant human IL-37/IL-1F7<br>Lys27-Asp192<br>Accession # NP_775297                                                                                                                                                       |

| Product Application Details |                                                                        |
|-----------------------------|------------------------------------------------------------------------|
| Applications                | Blockade of Receptor-ligand Interaction                                |
| Recommended Dilutions       | Blockade of Receptor-ligand Interaction                                |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined. |
