NOV/CCN3 Antibody (231226) [PE]

**Product Information**

|                      |                                                                                             |
|----------------------|---------------------------------------------------------------------------------------------|
| <b>Unit Size</b>     | 0.5 ml                                                                                      |
| <b>Concentration</b> | Please see the vial label for concentration. If unlisted please contact technical services. |
| <b>Storage</b>       | Store at 4C in the dark.                                                                    |
| <b>Clonality</b>     | Monoclonal                                                                                  |
| <b>Clone</b>         | 231226                                                                                      |
| <b>Preservative</b>  | 0.05% Sodium Azide                                                                          |
| <b>Isotype</b>       | IgG1                                                                                        |
| <b>Conjugate</b>     | PE                                                                                          |
| <b>Purity</b>        | Protein A or G purified from hybridoma culture supernatant                                  |
| <b>Buffer</b>        | PBS                                                                                         |

**Product Description**

|                                |                                                                                                   |
|--------------------------------|---------------------------------------------------------------------------------------------------|
| <b>Host</b>                    | Rat                                                                                               |
| <b>Gene ID</b>                 | 4856                                                                                              |
| <b>Gene Symbol</b>             | NOV                                                                                               |
| <b>Species</b>                 | Mouse                                                                                             |
| <b>Specificity/Sensitivity</b> | Detects mouse NOV/CCN3 in ELISAs.                                                                 |
| <b>Immunogen</b>               | Mouse myeloma cell line NS0-derived recombinant mouse NOV/CCN3 Ser26-Ile354<br>Accession # Q64299 |

**Product Application Details**

|                              |                                                                                                               |
|------------------------------|---------------------------------------------------------------------------------------------------------------|
| <b>Applications</b>          | ELISA Capture (Matched Antibody Pair), ELISA Detection (Matched Antibody Pair), ELISA Standard (Matched Pair) |
| <b>Recommended Dilutions</b> | ELISA Standard (Matched Pair), ELISA Capture (Matched Antibody Pair), ELISA Detection (Matched Antibody Pair) |
| <b>Application Notes</b>     | Optimal dilution of this antibody should be experimentally determined.                                        |
