**FAB206RW**

IL-6 Antibody (6708R) [DyLight 650]

| Product Information |                                                                                             |
|---------------------|---------------------------------------------------------------------------------------------|
| Unit Size           | 0.1 ml                                                                                      |
| Concentration       | Please see the vial label for concentration. If unlisted please contact technical services. |
| Storage             | Store at 4C in the dark.                                                                    |
| Clonality           | Monoclonal                                                                                  |
| Clone               | 6708R                                                                                       |
| Preservative        | 0.05% Sodium Azide                                                                          |
| Isotype             | IgG1                                                                                        |
| Conjugate           | DyLight 650                                                                                 |
| Purity              | Protein A or G purified from cell culture supernatant                                       |
| Buffer              | 50mM Sodium Borate                                                                          |

| Product Description     |                                                                                                                                                                                               |
|-------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Host                    | Mouse                                                                                                                                                                                         |
| Gene ID                 | 3569                                                                                                                                                                                          |
| Species                 | Human, Primate                                                                                                                                                                                |
| Specificity/Sensitivity | Detects human and primate IL-6 in ELISAs and Western blots. In Western blots, this antibody does not cross-react with recombinant mouse (rm) IL-6, rhOSM, rhLIF, rhIL-11, rhgp130, or rhCNTF. |
| Immunogen               | <i>E. coli</i> -derived recombinant human IL-6<br>Accession # P05231                                                                                                                          |
| Notes                   | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                                                                                             |

| Product Application Details |                                                                        |
|-----------------------------|------------------------------------------------------------------------|
| Applications                | Neutralization                                                         |
| Recommended Dilutions       | Neutralization                                                         |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined. |
