Vimentin Antibody (979517) [DyLight 755]

| Product Information         |                                                                                                    |
|-----------------------------|----------------------------------------------------------------------------------------------------|
| Unit Size                   | 0.1 ml                                                                                             |
| Concentration               | Please see the vial label for concentration. If unlisted please contact technical services.        |
| Storage                     | Store at 4C in the dark.                                                                           |
| Clonality                   | Monoclonal                                                                                         |
| Clone                       | 979517                                                                                             |
| Preservative                | 0.05% Sodium Azide                                                                                 |
| Isotype                     | IgG2a                                                                                              |
| Conjugate                   | DyLight 755                                                                                        |
| Purity                      | Protein A or G purified from hybridoma culture supernatant                                         |
| Buffer                      | 50mM Sodium Borate                                                                                 |
| Product Description         |                                                                                                    |
| Host                        | Mouse                                                                                              |
| Gene ID                     | 7431                                                                                               |
| Species                     | Human, Mouse, Rat                                                                                  |
| Specificity/Sensitivity     | Detects human Vimentin in direct ELISAs. Detects human, mouse, and rat Vimentin in Western blots.  |
| Immunogen                   | <i>E.coli</i> -derived recombinant human Vimentin<br>Ser2-Glu466<br>Accession # P08670             |
| Notes                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                  |
| Product Application Details |                                                                                                    |
| Applications                | Western Blot, Immunohistochemistry, Dual RNAscope ISH-IHC, Immunocytochemistry, Knockout Validated |
| Recommended Dilutions       | Western Blot, Immunohistochemistry, Immunocytochemistry, Knockout Validated, Dual RNAscope ISH-IHC |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                             |
