**FAB212RY**

GDNF Antibody (27106R) [DyLight 680]

| Product Information         |                                                                                                               |
|-----------------------------|---------------------------------------------------------------------------------------------------------------|
| Unit Size                   | 0.1 ml                                                                                                        |
| Concentration               | Please see the vial label for concentration. If unlisted please contact technical services.                   |
| Storage                     | Store at 4C in the dark.                                                                                      |
| Clonality                   | Monoclonal                                                                                                    |
| Clone                       | 27106R                                                                                                        |
| Preservative                | 0.05% Sodium Azide                                                                                            |
| Isotype                     | IgG1                                                                                                          |
| Conjugate                   | DyLight 680                                                                                                   |
| Purity                      | Protein A or G purified from cell culture supernatant                                                         |
| Buffer                      | 50mM Sodium Borate                                                                                            |
| Product Description         |                                                                                                               |
| Host                        | Mouse                                                                                                         |
| Gene ID                     | 2668                                                                                                          |
| Species                     | Human                                                                                                         |
| Specificity/Sensitivity     | Detects human GDNF in direct ELISA.                                                                           |
| Immunogen                   | <i>E. coli</i> -derived recombinant human GDNF<br>Arg109-Ile211<br>Accession # P39905                         |
| Notes                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                             |
| Product Application Details |                                                                                                               |
| Applications                | ELISA Capture (Matched Antibody Pair), ELISA Detection (Matched Antibody Pair), ELISA Standard (Matched Pair) |
| Recommended Dilutions       | ELISA Standard (Matched Pair), ELISA Capture (Matched Antibody Pair), ELISA Detection (Matched Antibody Pair) |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                        |
