CD97 Isoform 1 Antibody (380905R) [PE]

| Product Information         |                                                                                                                               |
|-----------------------------|-------------------------------------------------------------------------------------------------------------------------------|
| Unit Size                   | 0.1 ml                                                                                                                        |
| Concentration               | Please see the vial label for concentration. If unlisted please contact technical services.                                   |
| Storage                     | Store at 4C in the dark.                                                                                                      |
| Clonality                   | Monoclonal                                                                                                                    |
| Clone                       | 380905R                                                                                                                       |
| Preservative                | 0.05% Sodium Azide                                                                                                            |
| Isotype                     | IgG2b                                                                                                                         |
| Conjugate                   | PE                                                                                                                            |
| Purity                      | Protein A or G purified from cell culture supernatant                                                                         |
| Buffer                      | PBS                                                                                                                           |
| Product Description         |                                                                                                                               |
| Host                        | Mouse                                                                                                                         |
| Gene ID                     | 976                                                                                                                           |
| Species                     | Human                                                                                                                         |
| Specificity/Sensitivity     | Detects human CD97 in direct ELISAs.                                                                                          |
| Immunogen                   | Mouse myeloma cell line NS0-derived recombinant human CD97<br>Gln21-Gln398<br>Accession # NP_001775.2                         |
| Product Application Details |                                                                                                                               |
| Applications                | ELISA Capture (Matched Antibody Pair), ELISA Detection (Matched Antibody Pair), ELISA Standard (Matched Pair), Neutralization |
| Recommended Dilutions       | ELISA Standard (Matched Pair), Neutralization, ELISA Capture (Matched Antibody Pair), ELISA Detection (Matched Antibody Pair) |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                        |
