| Clone                       | 337516                                                                                                                                                                                      |
| Preservative                | 0.05% Sodium Azide                                                                                                                                                                          |
| Isotype                     | IgG2b                                                                                                                                                                                       |
| Conjugate                   | DyLight 650                                                                                                                                                                                 |
| Purity                      | Protein A or G purified from hybridoma culture supernatant                                                                                                                                  |
| Buffer                      | 50mM Sodium Borate                                                                                                                                                                          |
| Product Description         |                                                                                                                                                                                             |
| Host                        | Mouse                                                                                                                                                                                       |
| Gene ID                     | 81607                                                                                                                                                                                       |
| Gene Symbol                 | PVRL4                                                                                                                                                                                       |
| Species                     | Human                                                                                                                                                                                       |
| Specificity/Sensitivity     | Detects human Nectin-4 in direct ELISAs and Western blots. In direct ELISAs and Western blots, does not cross-react with recombinant human Nectin-1, -2, -3, or recombinant mouse Nectin-4. |
| Immunogen                   | Mouse myeloma cell line NS0-derived recombinant human Nectin-4<br>Gly27-Val351<br>Accession # Q96NY8                                                                                        |
| Notes                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                                                                                           |
| Product Application Details |                                                                                                                                                                                             |
| Applications                | Flow Cytometry, CyTOF-ready                                                                                                                                                                 |
| Recommended Dilutions       | Flow Cytometry, CyTOF-ready                                                                                                                                                                 |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                      |
