IL-17/IL-17A Antibody (41802R) [Janelia Fluor® 646]

| Product Information |                                                                                             |
|---------------------|---------------------------------------------------------------------------------------------|
| Unit Size           | 0.1 ml                                                                                      |
| Concentration       | Please see the vial label for concentration. If unlisted please contact technical services. |
| Storage             | Store at 4C in the dark.                                                                    |
| Clonality           | Monoclonal                                                                                  |
| Clone               | 41802R                                                                                      |
| Preservative        | 0.05% Sodium Azide                                                                          |
| Isotype             | IgG1                                                                                        |
| Conjugate           | Janelia Fluor 646                                                                           |
| Purity              | Protein A or G purified from cell culture supernatant                                       |
| Buffer              | 50mM Sodium Borate                                                                          |

| Product Description     |                                                                                                                                                                                                                                                               |
|-------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Host                    | Mouse                                                                                                                                                                                                                                                         |
| Gene ID                 | 3605                                                                                                                                                                                                                                                          |
| Species                 | Human                                                                                                                                                                                                                                                         |
| Specificity/Sensitivity | Detects human IL-17 in direct ELISAs and Western blots. In direct ELISAs, 100% cross-reactivity with recombinant human (rh) IL-17A/IL-17F heterodimer and no cross-reactivity with rhIL-17F, recombinant mouse IL-17, and recombinant rat IL-17A is observed. |
| Immunogen               | <i>E.coli</i> -derived recombinant human IL-17<br>Ile20-Ala155<br>Accession # Q16552                                                                                                                                                                          |
| Notes                   | Sold under license from the Howard Hughes Medical Institute, Janelia Research Campus.                                                                                                                                                                         |

| Product Application Details |                                                                        |
|-----------------------------|------------------------------------------------------------------------|
| Applications                | Western Blot, Intracellular Staining by Flow Cytometry                 |
| Recommended Dilutions       | Western Blot, Intracellular Staining by Flow Cytometry                 |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined. |
