| Clonality                   | Monoclonal                                                                                                                                                               |
| Clone                       | 453601                                                                                                                                                                   |
| Preservative                | 0.05% Sodium Azide                                                                                                                                                       |
| Isotype                     | IgG2a                                                                                                                                                                    |
| Conjugate                   | DyLight 350                                                                                                                                                              |
| Purity                      | Protein A or G purified from hybridoma culture supernatant                                                                                                               |
| Buffer                      | 50mM Sodium Borate                                                                                                                                                       |
| Product Description         |                                                                                                                                                                          |
| Host                        | Rat                                                                                                                                                                      |
| Gene ID                     | 57628                                                                                                                                                                    |
| Gene Symbol                 | DPP10                                                                                                                                                                    |
| Species                     | Human                                                                                                                                                                    |
| Specificity/Sensitivity     | Detects human DPP10 in direct ELISAs and Western blots. In direct ELISAs and Western blots, no cross-reactivity with recombinant human (rh) DPPIV or rhDPP6 is observed. |
| Immunogen                   | <i>S. frugiperda</i> insect ovarian cell line Sf 21-derived recombinant human DPP10 isoform 1<br>Leu56-Glu796 (Pro340Ala)<br>Accession # NP_065919                       |
| Notes                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                                                                        |
| Product Application Details |                                                                                                                                                                          |
| Applications                | Western Blot                                                                                                                                                             |
| Recommended Dilutions       | Western Blot                                                                                                                                                             |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                   |
