| Clonality                   | Monoclonal                                                                                                                                                |
| Clone                       | 706962                                                                                                                                                    |
| Preservative                | 0.05% Sodium Azide                                                                                                                                        |
| Isotype                     | IgG2b                                                                                                                                                     |
| Conjugate                   | Biotin                                                                                                                                                    |
| Purity                      | IgM-specific Affinity-purified from hybridoma culture supernatant                                                                                         |
| Buffer                      | PBS                                                                                                                                                       |
| Product Description         |                                                                                                                                                           |
| Host                        | Mouse                                                                                                                                                     |
| Gene ID                     | 973                                                                                                                                                       |
| Gene Symbol                 | CD79A                                                                                                                                                     |
| Species                     | Human                                                                                                                                                     |
| Specificity/Sensitivity     | Detects human CD79A in direct ELISAs and Western blots. In direct ELISAs and Western blots, no cross-reactivity with recombinant mouse CD79A is observed. |
| Immunogen                   | Mouse myeloma cell line NS0-derived recombinant human CD79A<br>Leu33-Arg143<br>Accession # P11912                                                         |
| Product Application Details |                                                                                                                                                           |
| Applications                | Western Blot, Immunohistochemistry                                                                                                                        |
| Recommended Dilutions       | Western Blot, Immunohistochemistry                                                                                                                        |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                    |
