IL-38/IL-1F10 Antibody (798036R) [Biotin]

| Product Information |                                                                                             |
|---------------------|---------------------------------------------------------------------------------------------|
| Unit Size           | 0.1 ml                                                                                      |
| Concentration       | Please see the vial label for concentration. If unlisted please contact technical services. |
| Storage             | Store at 4C in the dark.                                                                    |
| Clonality           | Monoclonal                                                                                  |
| Clone               | 798036R                                                                                     |
| Preservative        | 0.05% Sodium Azide                                                                          |
| Isotype             | IgG2a                                                                                       |
| Conjugate           | Biotin                                                                                      |
| Purity              | Protein A or G purified from cell culture supernatant                                       |
| Buffer              | PBS                                                                                         |

| Product Description     |                                                                                             |
|-------------------------|---------------------------------------------------------------------------------------------|
| Host                    | Rat                                                                                         |
| Gene ID                 | 84639                                                                                       |
| Gene Symbol             | IL1F10                                                                                      |
| Species                 | Mouse                                                                                       |
| Specificity/Sensitivity | Detects mouse IL-38/IL-1F10 in direct ELISAs and Western blots.                             |
| Immunogen               | <i>E.coli</i> -derived recombinant mouse IL-38/IL-1F10<br>Met1-Arg152<br>Accession # Q8R459 |

| Product Application Details |                                                                        |
|-----------------------------|------------------------------------------------------------------------|
| Applications                | Western Blot, ELISA, Flow Cytometry                                    |
| Recommended Dilutions       | Western Blot, Flow Cytometry, ELISA                                    |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined. |
