| Clonality                   | Monoclonal                                                                                                                           |
| Clone                       | 905515                                                                                                                               |
| Preservative                | 0.05% Sodium Azide                                                                                                                   |
| Isotype                     | IgG1                                                                                                                                 |
| Conjugate                   | PE                                                                                                                                   |
| Purity                      | Protein A or G purified from hybridoma culture supernatant                                                                           |
| Buffer                      | PBS                                                                                                                                  |
| Product Description         |                                                                                                                                      |
| Host                        | Mouse                                                                                                                                |
| Gene ID                     | 3605                                                                                                                                 |
| Species                     | Rat                                                                                                                                  |
| Specificity/Sensitivity     | Detects Rat IL-17/IL-17A in direct and capture ELISAs. In direct Elisa, no cross-reactivity with Rat IL17F was observed.             |
| Immunogen                   | Chinese hamster ovary cell line CHO-derived recombinant rat IL-17A + rat IL-17F (Met1-Ser150,I46L) and (Met1-161) Accession # Q61453 |
| Product Application Details |                                                                                                                                      |
| Applications                | ELISA                                                                                                                                |
| Recommended Dilutions       | ELISA                                                                                                                                |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                               |
