|                      |                                                        |
|----------------------|--------------------------------------------------------|
| <b>Unit Size</b>     | 0.1 mg                                                 |
| <b>Concentration</b> | 0.5 mg/ml                                              |
| <b>Storage</b>       | Store at -20C. Avoid freeze-thaw cycles.               |
| <b>Clonality</b>     | Polyclonal                                             |
| <b>Preservative</b>  | 0.02% Sodium Azide                                     |
| <b>Isotype</b>       | IgG                                                    |
| <b>Purity</b>        | Immunogen affinity purified                            |
| <b>Buffer</b>        | Tris saline (20 mM Tris pH 7.3, 150 mM NaCl), 0.5% BSA |

**Product Description**

|                    |                                                                                                                                                                                                                                  |
|--------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Description</b> | Novus Biologicals Goat SNX26 Antibody (NB100-1219) is a polyclonal antibody validated for use in IHC and ELISA. Anti-SNX26 Antibody: Cited in 1 publication. All Novus Biologicals antibodies are covered by our 100% guarantee. |
| <b>Host</b>        | Goat                                                                                                                                                                                                                             |
| <b>Gene ID</b>     | 115703                                                                                                                                                                                                                           |
| <b>Gene Symbol</b> | ARHGAP33                                                                                                                                                                                                                         |
| <b>Species</b>     | Human                                                                                                                                                                                                                            |
| <b>Immunogen</b>   | This SNX26 Antibody was developed against a peptide with sequence SWSLHSEGGQTRSYC corresponding to C-Terminus according to NP_443180.2.                                                                                          |

**Product Application Details**

|                              |                                                                                                               |
|------------------------------|---------------------------------------------------------------------------------------------------------------|
| <b>Applications</b>          | Immunohistochemistry-Paraffin, Immunohistochemistry, Peptide ELISA                                            |
| <b>Recommended Dilutions</b> | Immunohistochemistry 2.5 ug/mL, Immunohistochemistry-Paraffin 2.5 ug/mL, Peptide ELISA Detection limit 1:8000 |

**Images**

Immunohistochemistry-Paraffin: SNX26 Antibody [NB100-1219] - Staining of paraffin embedded Human Brain with antibody at 2.5 ug/mL shows cytoplasm staining of Purkinje cells in cerebellum. Steamed antigen retrieval with citrate buffer pH 6, AP-staining.
