Product Application Details	
Applications	Western Blot, Immunocytochemistry/ Immunofluorescence
Recommended Dilutions	Western Blot, Immunocytochemistry/ Immunofluorescence
Application Notes	This ERO1L antibody is useful for Western Blot, where a band ~57 kDa is observed. Depending on the samples used ERO1L can also appear as a doublet which is believed to represent the oxidized and reduced forms of the protein. The observed molecular weight of the protein may vary from the listed predicted molecular weight due to post translational modifications, post translation cleavages, relative charges, and other experimental factors.
