WHSC2 Antibody - BSA Free

| Product Information |                                       |
|---------------------|---------------------------------------|
| Unit Size           | 100 ul                                |
| Concentration       | 1.0 mg/ml                             |
| Storage             | Store at 4C. Do not freeze.           |
| Clonality           | Polyclonal                            |
| Preservative        | 0.09% Sodium Azide                    |
| Isotype             | IgG                                   |
| Purity              | Immunogen affinity purified           |
| Buffer              | Tris-Citrate/Phosphate (pH 7.0 - 8.0) |

| Product Description |                                                                                                                                                                                                   |
|---------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Description         | Novus Biologicals Rabbit WHSC2 Antibody - BSA Free (NBP1-05975) is a polyclonal antibody validated for use in IHC, WB and IP. All Novus Biologicals antibodies are covered by our 100% guarantee. |
| Host                | Rabbit                                                                                                                                                                                            |
| Gene ID             | 7469                                                                                                                                                                                              |
| Gene Symbol         | NELFA                                                                                                                                                                                             |
| Species             | Human                                                                                                                                                                                             |
| Immunogen           | The immunogen recognized by this antibody maps to a region between residue 499 and 549 of human negative elongation factor A using the numbering given in entry BAB18651.1 (GeneID 7469).         |

| Product Application Details |                                                                                                                                                  |
|-----------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------|
| Applications                | Western Blot, Immunohistochemistry-Paraffin, Immunohistochemistry, Immunoprecipitation                                                           |
| Recommended Dilutions       | Western Blot 1:2000-1:10000, Immunohistochemistry 1:500-1:2000, Immunoprecipitation 2-5 ug/mg lysate, Immunohistochemistry-Paraffin 1:500-1:2000 |
| Application Notes           | Epitope retrieval with citrate buffer pH6.0 is recommended for FFPE tissue sections.                                                             |

## Images

Western Blot: WHSC2 Antibody [NBP1-05975] - Whole cell lysate (5, 15 and 50 mcg for WB; 1 mg for IP, 20% of IP loaded) from HeLa cells. Affinity purified rabbit anti-NELFA antibody used for WB at 0.1 mcg/ml (A) and 1 mcg/ml (B) and used for IP at 3 mcg/mg lysate.

Immunohistochemistry-Paraffin: WHSC2 Antibody [NBP1-05975] - Sample: FFPE section of human placenta. Antibody: Affinity purified rabbit anti-NELFA used at a dilution of 1:1,000 (1ug/ml). Detection: DAB
