**NBP1-05990**

Clathrin interactor 1 Antibody - BSA Free

**Product Information**

|                      |                                       |
|----------------------|---------------------------------------|
| <b>Unit Size</b>     | 100 ul                                |
| <b>Concentration</b> | 1.0 mg/ml                             |
| <b>Storage</b>       | Store at 4C. Do not freeze.           |
| <b>Clonality</b>     | Polyclonal                            |
| <b>Preservative</b>  | 0.09% Sodium Azide                    |
| <b>Isotype</b>       | IgG                                   |
| <b>Purity</b>        | Immunogen affinity purified           |
| <b>Buffer</b>        | Tris-Citrate/Phosphate (pH 7.0 - 8.0) |

**Product Description**

|                    |                                                                                                                                                                                                       |
|--------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Description</b> | Novus Biologicals Rabbit Clathrin interactor 1 Antibody - BSA Free (NBP1-05990) is a polyclonal antibody validated for use in IP. All Novus Biologicals antibodies are covered by our 100% guarantee. |
| <b>Host</b>        | Rabbit                                                                                                                                                                                                |
| <b>Gene ID</b>     | 9685                                                                                                                                                                                                  |
| <b>Gene Symbol</b> | CLINT1                                                                                                                                                                                                |
| <b>Species</b>     | Human                                                                                                                                                                                                 |
| <b>Immunogen</b>   | The immunogen recognized by this antibody maps to a region between residue 150 and 200 of human epsin-related protein using the numbering given in entry NP_055481.1 (GeneID 9685).                   |

**Product Application Details**

|                              |                                                             |
|------------------------------|-------------------------------------------------------------|
| <b>Applications</b>          | Immunoprecipitation                                         |
| <b>Recommended Dilutions</b> | Immunoprecipitation 1:10-1:500                              |
| <b>Application Notes</b>     | This antibody is not recommended for Western Blot analysis. |

**Images**

Immunoprecipitation: Clathrin interactor 1 Antibody [NBP1-05990] - Whole cell lysate (1 mg for IP, 20% of IP loaded) from HeLa cells. Antibodies: Affinity purified rabbit anti-EpsinR antibody used for IP at 3 mcg/mg lysate.
