GM-CSF Antibody [Alexa Fluor™ Plus 594]

| Product Information | |
|---------------------|---|
| Unit Size | 0.1 ml |
| Concentration | Please see the vial label for concentration. If unlisted please contact technical services. |
| Storage | Store at 4C in the dark. |
| Clonality | Polyclonal |
| Preservative | 0.05% Sodium Azide |
| Isotype | IgG |
| Conjugate | Alexa Fluor Plus 594 |
| Purity | Multi-step |
| Buffer | 50mM Sodium Borate |

| Product Description | |
|-------------------------|--|
| Host | Rabbit |
| Gene ID | 1437 |
| Gene Symbol | CSF2 |
| Species | Mouse |
| Specificity/Sensitivity | In ELISA and other immunoreactive assays, this antibody will recognize both native and recombinant mouse GM-CSF in cell supernatants and certain body fluids. This antibody is useful for neutralization of mouse GM-CSF in bioassays. For neutralization, it is recommended to incubate the sample with a 1:400 dilution of the antiserum for at least 4 hours before being tested. A control of similarly diluted normal rabbit IgG is recommended. |
| Immunogen | This purified GM-CSF Antibody was prepared from whole rabbit serum produced by repeated immunizations with full length recombinant mouse GM-CSF protein. (Uniprot: P01587) |
| Notes | This product is provided under an intellectual property license from Life Technologies Corporation. The transfer of this product is conditioned on the buyer using the purchased product solely in research conducted by the buyer, excluding contract research or any fee for service research, and the buyer must not (1) use this product or its components for (a) diagnostic, therapeutic or prophylactic purposes; (b) testing, analysis or screening services, or information in return for compensation on a per-test basis; or (c) manufacturing or quality assurance or quality control, and/or (2) sell or transfer this product or its components for resale, whether or not resold for use in research. For information on purchasing a license to this product for purposes other than as described above, contact Life Technologies Corporation, 5781 Van Allen Way, Carlsbad, CA 92008 USA or outlicensing@thermofisher.com . This conjugate is made on demand. Actual recovery may vary from the stated volume of this product. The volume will be greater than or equal to the unit size stated on the datasheet. |

| Product Application Details | |
|-----------------------------|---------------------|
| Applications | Western Blot, ELISA |
| Recommended Dilutions | Western Blot, ELISA |

Application Notes

Optimal dilution of this antibody should be experimentally determined.
