| Preservative                | 0.05% Sodium Azide                                                                                                                                                                                              |
| Isotype                     | IgG                                                                                                                                                                                                             |
| Conjugate                   | Allophycocyanin                                                                                                                                                                                                 |
| Purity                      | Peptide affinity purified                                                                                                                                                                                       |
| Buffer                      | PBS                                                                                                                                                                                                             |
| Product Description         |                                                                                                                                                                                                                 |
| Host                        | Rabbit                                                                                                                                                                                                          |
| Gene ID                     | 10456                                                                                                                                                                                                           |
| Gene Symbol                 | HAX1                                                                                                                                                                                                            |
| Species                     | Human, Mouse, Rat                                                                                                                                                                                               |
| Specificity/Sensitivity     | At least four isoforms of Hax1 are known to exist. This antibody is expected to recognize the longest isoform (Hax1a) as well as the shortest.                                                                  |
| Immunogen                   | Antibody was raised against a 15 amino acid synthetic peptide near the amino terminus of human Hax1a. The immunogen is located within the first 50 amino acids of Hax1a. Amino Acid Sequence: GPRPSHRDPFFGGMTRD |
| Product Application Details |                                                                                                                                                                                                                 |
| Applications                | Western Blot, ELISA                                                                                                                                                                                             |
| Recommended Dilutions       | Western Blot, ELISA                                                                                                                                                                                             |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                                          |
