| <b>Clonality</b>                   | Polyclonal                                                                                                                                                                                                         |
| <b>Preservative</b>                | 0.05% Sodium Azide                                                                                                                                                                                                 |
| <b>Isotype</b>                     | IgG                                                                                                                                                                                                                |
| <b>Conjugate</b>                   | FITC                                                                                                                                                                                                               |
| <b>Purity</b>                      | Peptide affinity purified                                                                                                                                                                                          |
| <b>Buffer</b>                      | PBS                                                                                                                                                                                                                |
| <b>Product Description</b>         |                                                                                                                                                                                                                    |
| <b>Host</b>                        | Rabbit                                                                                                                                                                                                             |
| <b>Gene ID</b>                     | 201516                                                                                                                                                                                                             |
| <b>Gene Symbol</b>                 | ZSCAN4                                                                                                                                                                                                             |
| <b>Species</b>                     | Human, Mouse, Rat                                                                                                                                                                                                  |
| <b>Reactivity Notes</b>            | Immunogen displays the following percentage of sequence identity for non-tested species: Bovine (81%), Chicken (86%).                                                                                              |
| <b>Immunogen</b>                   | Antibody was raised against an 18 amino acid synthetic peptide near the carboxy terminus of human ZSCAN4. The immunogen is located within amino acids 370 - 420 of ZSCAN4. Amino Acid Sequence: HKTNLRSHERIHTGEKPY |
| <b>Product Application Details</b> |                                                                                                                                                                                                                    |
| <b>Applications</b>                | Western Blot, Immunohistochemistry-Paraffin, ELISA, Immunocytochemistry/Immunofluorescence, Immunohistochemistry                                                                                                   |
| <b>Recommended Dilutions</b>       | Western Blot, ELISA, Immunohistochemistry, Immunocytochemistry/Immunofluorescence, Immunohistochemistry-Paraffin                                                                                                   |
| <b>Application Notes</b>           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                                             |
