## SEC14L2 Antibody - BSA Free

### NBP2-15112

Unit Size: 0.1 ml

Aliquot and store at -20C or -80C. Avoid freeze-thaw cycles.

| Buffer                      | 0.1M Tris, 0.1M Glycine, 20% Glycerol                                                                                                                                                                   |
| Target Molecular Weight     | 46 kDa                                                                                                                                                                                                  |
| Product Description         |                                                                                                                                                                                                         |
| Description                 | Novus Biologicals Rabbit SEC14L2 Antibody - BSA Free (NBP2-15112) is a polyclonal antibody validated for use in IHC, WB and ICC/IF. All Novus Biologicals antibodies are covered by our 100% guarantee. |
| Host                        | Rabbit                                                                                                                                                                                                  |
| Gene ID                     | 23541                                                                                                                                                                                                   |
| Gene Symbol                 | SEC14L2                                                                                                                                                                                                 |
| Species                     | Human                                                                                                                                                                                                   |
| Reactivity Notes            | Pig (88%), Bovine (85%)                                                                                                                                                                                 |
| Immunogen                   | Recombinant protein encompassing a sequence within the center region of human SEC14L2. The exact sequence is proprietary.                                                                               |
| Product Application Details |                                                                                                                                                                                                         |
| Applications                | Western Blot, Immunohistochemistry-Paraffin, Immunocytochemistry/Immunofluorescence, Immunohistochemistry                                                                                               |
| Recommended Dilutions       | Western Blot 1:500-1:3000, Immunohistochemistry 1:100-1:1000, Immunocytochemistry/ Immunofluorescence 1:100-1:1000, Immunohistochemistry-Paraffin 1:100-1:1000                                          |

## Images

Western Blot: SEC14L2 Antibody [NBP2-15112] - Sample (30 ug of whole cell lysate) A: U87-MG 10% SDS PAGE, antibody diluted at 1:500.

Immunohistochemistry-Paraffin: SEC14L2 Antibody [NBP2-15112] - Paraffin-embedded H1299 xenograft, using antibody at 1:100 dilution.

SEC14L2 antibody [N1C1] detects SEC14L2 protein at cytoplasm and nucleus by immunofluorescent analysis.

Sample: U87-MG cells were fixed in 4% paraformaldehyde at RT for 15 min.

Green: SEC14L2 protein stained by SEC14L2 antibody [N1C1] (NBP2-15112) diluted at 1:500.

Blue: Hoechst 33342 staining.

Scale bar = 10 um.
