TCR V beta 12 Antibody (S511)

| Product Information |                                          |
|---------------------|------------------------------------------|
| Unit Size           | 200 ug                                   |
| Concentration       | 0.12 mg/ml                               |
| Storage             | Store at -20C. Avoid freeze-thaw cycles. |
| Clonality           | Monoclonal                               |
| Clone               | S511                                     |
| Preservative        | 0.1% Sodium Azide                        |
| Isotype             | IgG2b                                    |
| Purity              | Protein A purified                       |
| Buffer              | PBS with 0.5% BSA                        |

| Product Description |                                                                                                                                                                                                        |
|---------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Description         | Novus Biologicals Mouse TCR V beta 12 Antibody (S511) (NBP2-22495) is a monoclonal antibody validated for use in IHC, Flow and IP. All Novus Biologicals antibodies are covered by our 100% guarantee. |
| Host                | Mouse                                                                                                                                                                                                  |
| Gene ID             | 6957                                                                                                                                                                                                   |
| Gene Symbol         | TRB                                                                                                                                                                                                    |
| Species             | Human                                                                                                                                                                                                  |
| Immunogen           | Human TCR V beta 12                                                                                                                                                                                    |

| Product Application Details |                                                                                                                                        |
|-----------------------------|----------------------------------------------------------------------------------------------------------------------------------------|
| Applications                | Flow Cytometry, Immunohistochemistry, Immunohistochemistry-Frozen, Immunoprecipitation                                                 |
| Recommended Dilutions       | Flow Cytometry 1 - 2 ug, Immunohistochemistry 1:10 - 1:500, Immunoprecipitation 1:10 - 1:500, Immunohistochemistry-Frozen 1:10 - 1:500 |
