**NBP2-31710**

HGF Activator Antibody - BSA Free

**Product Information**

|                      |                                                                                                                  |
|----------------------|------------------------------------------------------------------------------------------------------------------|
| <b>Unit Size</b>     | 0.1 ml                                                                                                           |
| <b>Concentration</b> | Concentrations vary lot to lot. See vial label for concentration. If unlisted please contact technical services. |
| <b>Storage</b>       | Store at 4C short term. Aliquot and store at -20C long term. Avoid freeze-thaw cycles.                           |
| <b>Clonality</b>     | Polyclonal                                                                                                       |
| <b>Preservative</b>  | 0.02% Sodium Azide                                                                                               |
| <b>Isotype</b>       | IgG                                                                                                              |
| <b>Purity</b>        | Immunogen affinity purified                                                                                      |
| <b>Buffer</b>        | PBS (pH 7.2) and 40% Glycerol                                                                                    |

**Product Description**

|                         |                                                                                                                                                                                                |
|-------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Description</b>      | Novus Biologicals Rabbit HGF Activator Antibody - BSA Free (NBP2-31710) is a polyclonal antibody validated for use in IHC. All Novus Biologicals antibodies are covered by our 100% guarantee. |
| <b>Host</b>             | Rabbit                                                                                                                                                                                         |
| <b>Gene ID</b>          | 3083                                                                                                                                                                                           |
| <b>Gene Symbol</b>      | HGFAC                                                                                                                                                                                          |
| <b>Species</b>          | Human                                                                                                                                                                                          |
| <b>Reactivity Notes</b> | Immunogen displays the following percentage of sequence identity for non-tested species: Mouse (80%), Rat (83%)                                                                                |
| <b>Immunogen</b>        | This antibody was developed against a recombinant protein corresponding to amino acids:<br>DERPWCYVVKDSALSWEYCRLEACESLTRVQLSPDLLATLPEPASPGRQACG<br>RRHKKRTFLRPRIIGGSSSLPGSHPWLAAYIG            |

**Product Application Details**

|                              |                                                                               |
|------------------------------|-------------------------------------------------------------------------------|
| <b>Applications</b>          | Immunohistochemistry-Paraffin, Immunohistochemistry                           |
| <b>Recommended Dilutions</b> | Immunohistochemistry 1:50 - 1:200, Immunohistochemistry-Paraffin 1:50 - 1:200 |
| <b>Application Notes</b>     | For IHC-Paraffin, HIER pH 6 retrieval is recommended.                         |

**Images**

Immunohistochemistry-Paraffin: HGF Activator Antibody [NBP2-31710] - Staining of human kidney.

Immunohistochemistry-Paraffin: HGF Activator Antibody [NBP2-31710] - HGFAC Antibody [NBP2-31710] - Staining of human duodenum shows distinct positivity in plasma.

Immunohistochemistry-Paraffin: HGF Activator Antibody [NBP2-31710] - Staining of human colon, kidney, liver and soft tissues using Anti-HGFAC antibody NBP2-31710 (A) shows similar protein distribution across tissues to independent antibody NBP2-31741 (B).

Immunohistochemistry-Paraffin: HGF Activator Antibody [NBP2-31710] - Staining of human liver.

Immunohistochemistry-Paraffin: HGF Activator Antibody [NBP2-31710] - Staining of human soft tissues.

Immunohistochemistry-Paraffin: HGF Activator Antibody [NBP2-31710] - Staining of human colon.
