FLJ21963 Antibody - BSA Free

| Product Information |                                                                                                                  |
|---------------------|------------------------------------------------------------------------------------------------------------------|
| Unit Size           | 0.1 ml                                                                                                           |
| Concentration       | Concentrations vary lot to lot. See vial label for concentration. If unlisted please contact technical services. |
| Storage             | Store at 4C short term. Aliquot and store at -20C long term. Avoid freeze-thaw cycles.                           |
| Clonality           | Polyclonal                                                                                                       |
| Preservative        | 0.02% Sodium Azide                                                                                               |
| Isotype             | IgG                                                                                                              |
| Purity              | Affinity purified                                                                                                |
| Buffer              | PBS (pH 7.2) and 40% Glycerol                                                                                    |

| Product Description |                                                                                                                                                                                                  |
|---------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Description         | Novus Biologicals Rabbit FLJ21963 Antibody - BSA Free (NBP2-48885) is a polyclonal antibody validated for use in IHC and WB. All Novus Biologicals antibodies are covered by our 100% guarantee. |
| Host                | Rabbit                                                                                                                                                                                           |
| Gene ID             | 79611                                                                                                                                                                                            |
| Gene Symbol         | ACSS3                                                                                                                                                                                            |
| Species             | Human                                                                                                                                                                                            |
| Reactivity Notes    | Mouse (85%), Rat (88%)                                                                                                                                                                           |
| Immunogen           | This antibody was developed against a recombinant protein corresponding to amino acids:<br>ASKELSSRIDHVKPKVVVTASFGIEPGRRVEYVPLVEEALKIGQHKPDKILIYNRP<br>NMEAVPLAPGRDLWDDEEMAKAQSHDCVPVLSEHPLYIL   |

| Product Application Details |                                                                                                                |
|-----------------------------|----------------------------------------------------------------------------------------------------------------|
| Applications                | Western Blot, Immunohistochemistry-Paraffin, Immunohistochemistry                                              |
| Recommended Dilutions       | Western Blot 0.04-0.4 ug/ml, Immunohistochemistry 1:500 - 1:1000, Immunohistochemistry-Paraffin 1:500 - 1:1000 |
| Application Notes           | For IHC-Paraffin, HIER pH 6 retrieval is recommended.                                                          |

## Images

Immunohistochemistry: FLJ21963 Antibody [NBP2-48885] - Staining of human kidney shows strong cytoplasmic positivity in cells in tubules.

Western Blot: FLJ21963 Antibody [NBP2-48885] - Analysis in human cell line SK-BR-3.
