CCDC138 Antibody - BSA Free

| Product Information |                                                                                                                  |
|---------------------|------------------------------------------------------------------------------------------------------------------|
| Unit Size           | 0.1 ml                                                                                                           |
| Concentration       | Concentrations vary lot to lot. See vial label for concentration. If unlisted please contact technical services. |
| Storage             | Store at 4C short term. Aliquot and store at -20C long term. Avoid freeze-thaw cycles.                           |
| Clonality           | Polyclonal                                                                                                       |
| Preservative        | 0.02% Sodium Azide                                                                                               |
| Isotype             | IgG                                                                                                              |
| Purity              | Affinity purified                                                                                                |
| Buffer              | PBS (pH 7.2) and 40% Glycerol                                                                                    |

| Product Description |                                                                                                                                                                                                   |
|---------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Description         | Novus Biologicals Rabbit CCDC138 Antibody - BSA Free (NBP2-49123) is a polyclonal antibody validated for use in IHC. All Novus Biologicals antibodies are covered by our 100% guarantee.          |
| Host                | Rabbit                                                                                                                                                                                            |
| Gene ID             | 165055                                                                                                                                                                                            |
| Gene Symbol         | CCDC138                                                                                                                                                                                           |
| Species             | Human                                                                                                                                                                                             |
| Immunogen           | This antibody was developed against a recombinant protein corresponding to amino acids:<br>DLVVESLKSRVGLGGSCPDEYDFSNFYQSKYKRRTLTSPGDLDIYSGDKVGSS<br>LKYSDESKHCRTPLGSLFKHVNVCNCLDDELDSFHDLLKKQETEE |

| Product Application Details |                                                                                 |
|-----------------------------|---------------------------------------------------------------------------------|
| Applications                | Immunohistochemistry-Paraffin, Immunohistochemistry                             |
| Recommended Dilutions       | Immunohistochemistry 1:200 - 1:500, Immunohistochemistry-Paraffin 1:200 - 1:500 |
| Application Notes           | For IHC-Paraffin, HIER pH 6 retrieval is recommended.                           |

## Images

Immunohistochemistry-Paraffin: CCDC138 Antibody [NBP2-49123] - Staining of human heart muscle shows low expression as expected.

Immunohistochemistry: CCDC138 Antibody [NBP2-49123] - Staining of human testis shows moderate nuclear positivity in cells in seminiferous ducts.

Immunohistochemistry-Paraffin: CCDC138 Antibody [NBP2-49123] - Staining in human testis and heart muscle tissues using anti-CCDC138 antibody. Corresponding CCDC138 RNA-seq data are presented for the same tissues.
