**NBP2-55000**

AP1M2 Antibody - BSA Free

**Product Information**

|                      |                                                                                                                  |
|----------------------|------------------------------------------------------------------------------------------------------------------|
| <b>Unit Size</b>     | 100 ul                                                                                                           |
| <b>Concentration</b> | Concentrations vary lot to lot. See vial label for concentration. If unlisted please contact technical services. |
| <b>Storage</b>       | Store at 4C short term. Aliquot and store at -20C long term. Avoid freeze-thaw cycles.                           |
| <b>Clonality</b>     | Polyclonal                                                                                                       |
| <b>Preservative</b>  | 0.02% Sodium Azide                                                                                               |
| <b>Isotype</b>       | IgG                                                                                                              |
| <b>Purity</b>        | Affinity purified                                                                                                |
| <b>Buffer</b>        | PBS (pH 7.2) and 40% Glycerol                                                                                    |

**Product Description**

|                         |                                                                                                                                                                                           |
|-------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Description</b>      | Novus Biologicals Rabbit AP1M2 Antibody - BSA Free (NBP2-55000) is a polyclonal antibody validated for use in ICC/IF. All Novus Biologicals antibodies are covered by our 100% guarantee. |
| <b>Host</b>             | Rabbit                                                                                                                                                                                    |
| <b>Gene ID</b>          | 10053                                                                                                                                                                                     |
| <b>Gene Symbol</b>      | AP1M2                                                                                                                                                                                     |
| <b>Species</b>          | Human                                                                                                                                                                                     |
| <b>Reactivity Notes</b> | Mouse 89%, Rat 89%                                                                                                                                                                        |
| <b>Immunogen</b>        | This antibody was developed against a recombinant protein corresponding to the following amino acid sequence: MPLLVQREEEGALAPLLSHGQVHFLWI                                                 |

**Product Application Details**

|                              |                                                         |
|------------------------------|---------------------------------------------------------|
| <b>Applications</b>          | Immunocytochemistry/ Immunofluorescence                 |
| <b>Recommended Dilutions</b> | Immunocytochemistry/ Immunofluorescence 0.25-2 ug/ml    |
| <b>Application Notes</b>     | ICC/IF Fixation Permeabilization: Use PFA/Triton X-100. |

**Images**

Immunocytochemistry/Immunofluorescence: AP1M2 Antibody [NBP2-55000] - Staining of human cell line CACO-2 shows localization to vesicles. Antibody staining is shown in green.
