**NBP2-80112**

SLP-2 Antibody - BSA Free

**Product Information**

|                      |                                                                                        |
|----------------------|----------------------------------------------------------------------------------------|
| <b>Unit Size</b>     | 100 ug                                                                                 |
| <b>Concentration</b> | 1 mg/ml                                                                                |
| <b>Storage</b>       | Store at 4C short term. Aliquot and store at -20C long term. Avoid freeze-thaw cycles. |
| <b>Clonality</b>     | Polyclonal                                                                             |
| <b>Preservative</b>  | 0.02% Sodium Azide                                                                     |
| <b>Isotype</b>       | IgG                                                                                    |
| <b>Purity</b>        | Protein A purified                                                                     |
| <b>Buffer</b>        | PBS                                                                                    |

**Product Description**

|                    |                                                                                                                                                                                                      |
|--------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Description</b> | Novus Biologicals Rabbit SLP-2 Antibody - BSA Free (NBP2-80112) is a polyclonal antibody validated for use in WB, ICC/IF and IP. All Novus Biologicals antibodies are covered by our 100% guarantee. |
| <b>Host</b>        | Rabbit                                                                                                                                                                                               |
| <b>Gene ID</b>     | 30968                                                                                                                                                                                                |
| <b>Gene Symbol</b> | STOML2                                                                                                                                                                                               |
| <b>Species</b>     | Human, Mouse, Rat                                                                                                                                                                                    |
| <b>Immunogen</b>   | Synthetic peptide corresponding to aa 199-213 of mouse SLP-2.                                                                                                                                        |

**Product Application Details**

|                              |                                                                                               |
|------------------------------|-----------------------------------------------------------------------------------------------|
| <b>Applications</b>          | Western Blot, Immunocytochemistry/ Immunofluorescence, Immunoprecipitation                    |
| <b>Recommended Dilutions</b> | Western Blot 1:1000, Immunocytochemistry/ Immunofluorescence 1:100, Immunoprecipitation 1:500 |

**Images**

Immunocytochemistry/Immunofluorescence: SLP-2 Antibody [NBP2-80112] - Endogenous SLP-2 is localized to the mitochondria (Immunocytochemical staining). Endogenous SLP-2 (green) (top) and endogenous mitochondrial HSP70 (red) (middle) were detected in methanol fixed HeLa cells using anti-SLP-2, pAb (1:100) and a pAb to mitochondrial HSP70, respectively. Picture courtesy of Dr. Sandrine Da Cruz, University of Geneva.
