| Conjugate                   | PerCP                                                                                                                                                                                                               |
| Purity                      | Peptide affinity purified                                                                                                                                                                                           |
| Buffer                      | PBS                                                                                                                                                                                                                 |
| Product Description         |                                                                                                                                                                                                                     |
| Host                        | Rabbit                                                                                                                                                                                                              |
| Gene ID                     | 54558                                                                                                                                                                                                               |
| Gene Symbol                 | SPATA6                                                                                                                                                                                                              |
| Species                     | Human, Mouse, Rat                                                                                                                                                                                                   |
| Specificity/Sensitivity     | At least three isoforms of SPATA6 are known to exist; this antibody will detect only the longest two isoforms. SPATA6 antibody is predicted to not cross-react with other SPATA protein family members.             |
| Immunogen                   | SPATA6 antibody was raised against a 14 amino acid synthetic peptide near the carboxy terminus of human SPATA6. The immunogen is located within amino acids 400 - 450 of SPATA6. Amino Acid Sequence: RDSAYDSDPEYSS |
| Product Application Details |                                                                                                                                                                                                                     |
| Applications                | Western Blot, Immunohistochemistry-Paraffin, ELISA, Immunocytochemistry/Immunofluorescence, Immunohistochemistry                                                                                                    |
| Recommended Dilutions       | Western Blot, ELISA, Immunohistochemistry, Immunocytochemistry/Immunofluorescence, Immunohistochemistry-Paraffin                                                                                                    |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                                              |
