| Clonality                   | Polyclonal                                                                                                                                                                                     |
| Preservative                | 0.05% Sodium Azide                                                                                                                                                                             |
| Isotype                     | IgG                                                                                                                                                                                            |
| Conjugate                   | PE                                                                                                                                                                                             |
| Purity                      | Peptide affinity purified                                                                                                                                                                      |
| Buffer                      | PBS                                                                                                                                                                                            |
| Product Description         |                                                                                                                                                                                                |
| Host                        | Rabbit                                                                                                                                                                                         |
| Gene ID                     | 51322                                                                                                                                                                                          |
| Gene Symbol                 | WAC                                                                                                                                                                                            |
| Species                     | Human, Mouse, Rat                                                                                                                                                                              |
| Specificity/Sensitivity     | At least two isoforms of WAC are known to exist; this antibody will detect the larger isoform.                                                                                                 |
| Immunogen                   | WAC antibody was raised against a 19 amino acid peptide near the center of human WAC . The immunogen is located within amino acids 210 - 260 of WAC. Amino Acid Sequence: CILSQTSRHNDRDYRLPRAE |
| Product Application Details |                                                                                                                                                                                                |
| Applications                | Western Blot, Immunohistochemistry-Paraffin, ELISA, Immunocytochemistry/Immunofluorescence, Immunohistochemistry                                                                               |
| Recommended Dilutions       | Western Blot, ELISA, Immunohistochemistry, Immunocytochemistry/Immunofluorescence, Immunohistochemistry-Paraffin                                                                               |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                         |
