| Product Description         |                                                                                                                                                        |
| Host                        | Rabbit                                                                                                                                                 |
| Gene ID                     | 924                                                                                                                                                    |
| Gene Symbol                 | CD7                                                                                                                                                    |
| Species                     | Mouse                                                                                                                                                  |
| Immunogen                   | This antibody was obtained from a rabbit immunized with purified, recombinant Mouse CD7 extracellular domain (Accession#: NP_033984.1; Met 1-Pro 150). |
| Product Application Details |                                                                                                                                                        |
| Applications                | ELISA                                                                                                                                                  |
| Recommended Dilutions       | ELISA                                                                                                                                                  |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                 |
