

# Product Datasheet

## ACRC Antibody - BSA Free

### NBP3-17118-100ul

Unit Size: 100 ul

Store at 4C short term. Aliquot and store at -20C long term. Avoid freeze-thaw cycles.

**NBP3-17118-100ul**

ACRC Antibody - BSA Free

**Product Information**

|                      |                                                                                                                  |
|----------------------|------------------------------------------------------------------------------------------------------------------|
| <b>Unit Size</b>     | 100 ul                                                                                                           |
| <b>Concentration</b> | Concentrations vary lot to lot. See vial label for concentration. If unlisted please contact technical services. |
| <b>Storage</b>       | Store at 4C short term. Aliquot and store at -20C long term. Avoid freeze-thaw cycles.                           |
| <b>Clonality</b>     | Polyclonal                                                                                                       |
| <b>Preservative</b>  | 0.02% Sodium Azide                                                                                               |
| <b>Isotype</b>       | IgG                                                                                                              |
| <b>Purity</b>        | Affinity purified                                                                                                |
| <b>Buffer</b>        | PBS (pH 7.2) and 40% Glycerol                                                                                    |

**Product Description**

|                    |                                                                                                                                                                                    |
|--------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Host</b>        | Rabbit                                                                                                                                                                             |
| <b>Gene ID</b>     | 93953                                                                                                                                                                              |
| <b>Gene Symbol</b> | ACRC                                                                                                                                                                               |
| <b>Species</b>     | Human                                                                                                                                                                              |
| <b>Immunogen</b>   | This antibody was developed against Recombinant Protein corresponding to amino acids:<br>EDKSDDSDVPDDNSDDLEVPVPAEDLCNEGQIASDEEELVEAAA V SQHDSS<br>DDAGEQDLGENLSKPPSDPEANPEVSEKLPTE |

**Product Application Details**

|                              |                                                                                                                                                                 |
|------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Applications</b>          | Immunohistochemistry-Paraffin, Immunocytochemistry/ Immunofluorescence, Immunohistochemistry                                                                    |
| <b>Recommended Dilutions</b> | Immunohistochemistry 1:500 - 1:1000, Immunocytochemistry/ Immunofluorescence 0.25-2 ug/ml, Immunohistochemistry-Paraffin 1:500 - 1:1000                         |
| <b>Application Notes</b>     | For IHC-Paraffin, HIER pH 6 retrieval is recommended.<br>Immunocytochemistry/Immunofluorescence, PFA/Triton X-100 is recommended for fixation/permeabilization. |

## Images

Immunocytochemistry/Immunofluorescence: ACRC Antibody [NBP3-17118] - Analysis in human testis and stomach tissues using Anti-GCNA antibody. Corresponding GCNA RNA-seq data are presented for the same tissues.

Immunocytochemistry/Immunofluorescence: ACRC Antibody [NBP3-17118] - Staining of human cell line hTCEpi shows localization to nucleoplasm.
