**NBP3-17536-100ul**

SELI Antibody - BSA Free

**Product Information**

|                      |                                                                                                                  |
|----------------------|------------------------------------------------------------------------------------------------------------------|
| <b>Unit Size</b>     | 100 ul                                                                                                           |
| <b>Concentration</b> | Concentrations vary lot to lot. See vial label for concentration. If unlisted please contact technical services. |
| <b>Storage</b>       | Store at 4C short term. Aliquot and store at -20C long term. Avoid freeze-thaw cycles.                           |
| <b>Clonality</b>     | Polyclonal                                                                                                       |
| <b>Preservative</b>  | 0.02% Sodium Azide                                                                                               |
| <b>Isotype</b>       | IgG                                                                                                              |
| <b>Purity</b>        | Affinity purified                                                                                                |
| <b>Buffer</b>        | PBS (pH 7.2) and 40% Glycerol                                                                                    |

**Product Description**

|                    |                                                                                                              |
|--------------------|--------------------------------------------------------------------------------------------------------------|
| <b>Host</b>        | Rabbit                                                                                                       |
| <b>Gene ID</b>     | 85465                                                                                                        |
| <b>Gene Symbol</b> | EPT1                                                                                                         |
| <b>Species</b>     | Human                                                                                                        |
| <b>Immunogen</b>   | This antibody was developed against Recombinant Protein corresponding to amino acids: MAYFDPDFYASAPGHKHVPDWV |

**Product Application Details**

|                              |                                                                                   |
|------------------------------|-----------------------------------------------------------------------------------|
| <b>Applications</b>          | Immunohistochemistry-Paraffin, Immunohistochemistry                               |
| <b>Recommended Dilutions</b> | Immunohistochemistry 1:500 - 1:1000, Immunohistochemistry-Paraffin 1:500 - 1:1000 |
| <b>Application Notes</b>     | For IHC-Paraffin, HIER pH 6 retrieval is recommended.                             |

**Images**

Immunohistochemistry-Paraffin: SELI Antibody [NBP3-17536] -Analysis in human cerebral cortex and skeletal muscle tissues using NBP3-17536 antibody. Corresponding SELENOI RNA-seq data are presented for the same tissues.

Immunohistochemistry-Paraffin: SELI Antibody [NBP3-17536] - Staining of human small intestine shows strong cytoplasmic positivity in glandular cells.

Immunohistochemistry-Paraffin: SELI Antibody [NBP3-17536] - Staining of human cerebral cortex shows strong cytoplasmic positivity in neurons.

Immunohistochemistry-Paraffin: SELI Antibody [NBP3-17536] - Staining of human placenta shows strong cytoplasmic positivity in trophoblastic cells.

Immunohistochemistry-Paraffin: SELI Antibody [NBP3-17536] - Staining of human skeletal muscle shows no positivity in myocytes as expected.
