**NBP3-18436****Craniofacial Development Protein 1 Antibody - BSA Free****Product Information**

|                      |                                 |
|----------------------|---------------------------------|
| <b>Unit Size</b>     | 100 ug                          |
| <b>Concentration</b> | 1 mg/ml                         |
| <b>Storage</b>       | Store at 4C. Do not freeze.     |
| <b>Clonality</b>     | Polyclonal                      |
| <b>Preservative</b>  | 0.09% Sodium Azide              |
| <b>Isotype</b>       | IgG                             |
| <b>Purity</b>        | Affinity purified               |
| <b>Buffer</b>        | Tris-citrate/phosphate pH 7 -8. |

**Product Description**

|                    |                                                                                                                                                                                                                           |
|--------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Description</b> | Novus Biologicals Rabbit Craniofacial Development Protein 1 Antibody - BSA Free (NBP3-18436) is a polyclonal antibody validated for use in WB and IP. All Novus Biologicals antibodies are covered by our 100% guarantee. |
| <b>Host</b>        | Rabbit                                                                                                                                                                                                                    |
| <b>Gene ID</b>     | 10428                                                                                                                                                                                                                     |
| <b>Gene Symbol</b> | CFDP1                                                                                                                                                                                                                     |
| <b>Species</b>     | Human                                                                                                                                                                                                                     |
| <b>Immunogen</b>   | Recognizes region between residues Between Between 249 and 299..                                                                                                                                                          |

**Product Application Details**

|                              |                                                                    |
|------------------------------|--------------------------------------------------------------------|
| <b>Applications</b>          | Western Blot, Immunoprecipitation                                  |
| <b>Recommended Dilutions</b> | Western Blot 1:2000 - 1:10000, Immunoprecipitation 20 ug/mg lysate |

**Images**

Western Blot;Craniofacial Development Protein 1 Antibody Whole cell lysate (50 µg) from HeLa, HEK293T, and Jurkat cells prepared using NETN lysis buffer. Antibody: Affinity purified rabbit anti-CFDP1 antibody used for WB at 0.1 mg/ml. Detection: Chemiluminescence with an exposure time of 3 minutes.
